Version	3.0.0 — 28 October 2026
Status	written without review by a lawyer; recommended review points: V-14 (image and voice, form of consent, withdrawal) and V-07 (retention period) (00 § 5). The French version is the reference text
Assumptions	H-21 (00 § 2)
Use	before any use of a business's name or logo, a testimonial, a figure, a photo, a video or a voice recording of a person, on the website, social networks, WhatsApp, a presentation or a printed document; supplements article 10.2 of the trial terms

1. Rules

- **One consent per use.** The exact text, photo, video or figure is attached to the form; the person reads it before signing. A new edit or a changed text needs a new consent.
- **Separate and free consent.** Refusing or withdrawing has no effect on the trial, the subscription or support.
- **Each recognisable person signs for themselves.** The owner's consent covers the business's name and logo, not the image or voice of an employee or of a customer present in the shop.
- **No images of minors.** Nobody under 18 is filmed or photographed, even in the background.
- **Results as measured.** A figure (closing time, till difference, stock difference) is published only with its period and measurement method, approved by the business.
- **Visible consideration.** If the business receives something in return (discount, gift, service), it is stated on the form and mentioned next to the published testimonial.
- **Withdrawal at any time.** On a written request to info@nhill.online, Nhill Solution removes the content from the media it manages (website, social networks, digital documents) as soon as possible and makes no new use of it. Printed documents already handed out cannot be recalled.
- **Retention.** The signed form is kept while the content is used, then until the end of the period during which a claim can be made (point V-07); it is filed in the administrative records, not in the prospect tracker.
