Partner model

Français : ../fr/09-modele-partenaires.md

Standard agreement: `legal/en/10-partnership-agreement.md`. Public page: `website/src/pages/en/partners.html`.

1. Partner types

Type	Who	What they do	Remuneration	What Nhill provides
Referrer	influential trader, independent accountant, field agent	presents Nhill, records the prospect before any contact by Nhill	commission on amounts actually collected; rate and duration set in the letter of agreement	partner sheet, form link, statement for each commission payment
Integrator	IT service provider, hardware reseller (receipt printers, tablets)	installs, imports the catalogue, first-level support	invoices its services to the customer; possible commission	2-hour technical training, documentation, demo access
Trainer	business school, training centre, independent trainer	trains users	invoices its training; Nhill materials free	training materials, demo business
Support organisation	traders' association, incubator, SME support body, federation	makes Nhill known, hosts workshops	no commission unless stated in the letter of agreement; reserved places in the assisted free trial, free workshop for members	turnkey workshop, reserved places
Reference user	satisfied customer business	welcomes other traders, **only if they wish**	none, unless a consideration is written in the letter of agreement and mentioned next to any published testimonial (`legal/en/20`)	—

2. Rules

- No partner is announced publicly without a signed contract and agreement on the use of the name.
- A partner only promises what Nhill does (list "what Nhill does not do" in `07-demo-script.md`) and never presents Nhill as DGI-certified.
- A partner never asks a trader for a password; they create their own access if the business invites them.
- Contacts passed on have the people's consent (`legal/en/16`).

3. Partner journey
