Video scripts (30, 60 and 90 seconds) — storyboards and FR/EN voice-over

Français : ../fr/11-scripts-videos.md

Filming rules:

- **Real screens only**: film or capture Nhill 2.0 installed, on a demo business ("(démo)" data). No retouched screen, no mock-up, no missing feature.
- People filmed: team members, or a pilot **with written consent** (pilot agreement, article 7). No fake customer, no fake testimonial.
- Format: 9:16 (WhatsApp Status, TikTok, Reels) and 16:9 (website, presentations); burnt-in subtitles (many watch without sound); royalty-free music with its licence recorded.
- Equipment: smartphone, lavalier microphone (plan scenario B), computer screen capture (OBS Studio) for interface shots.

1. 30-second video — "The evening till"

Shot	Time	Picture	On-screen text	FR voice-over	EN voice-over
1	0–4 s	close-up: a crossed-out till notebook, a calculator, evening	"9 pm. The till doesn't add up."	« Le soir, la caisse ne tombe pas juste ? »	"End of the day, and the till doesn't add up?"
2	4–10 s	real Nhill POS screen: sale of 3 items, F9 key, cash payment, change	"Every sale, under the cashier's name"	« Avec Nhill, chaque vente est enregistrée au nom du caissier. »	"With Nhill, every sale is recorded under the cashier's name."
3	10–17 s	real closing screen: count entered, Z report with difference	"Closing in minutes"	« À la clôture, le caissier compte, Nhill calcule l'écart. »	"At closing, the cashier counts; Nhill works out the difference."
4	17–24 s	owner's phone: dashboard and activity per employee	"Even when you're away"	« Et vous voyez tout, même quand vous n'êtes pas au magasin. »	"And you see everything, even when you're away from the shop."
5	24–30 s	Nhill logo on Night 900 background, website address	"Free pilot programme — [WEBSITE]"	« Nhill. Programme pilote gratuit à Kinshasa. »	"Nhill. Free pilot programme in Kinshasa."

2. 60-second video — "Sales, stock, till"

Shot	Time	Picture	Text	FR voice-over	EN voice-over
1	0–6 s	shop shelves, owner writing in a notebook	"You run your shop. Nhill keeps the books."	« Vous tenez votre commerce. Nhill vous aide à tenir les comptes. »	"You run your shop. Nhill helps you keep the books straight."
2	6–16 s	real Nhill POS: search (F2), barcode, basket, payment	"Sell fast"	« À la caisse, on vend vite : on cherche, on scanne, on encaisse, même en plusieurs paiements. »	"At the till, you sell fast: search, scan, take payment, even split across methods."

Shot	Time	Picture	Text	FR voice-over	EN voice-over
3	16–26 s	real Nhill Business: stock, thresholds, movements with author	“Stock follows every sale”	« Chaque vente fait baisser le stock. Vous savez ce qui va manquer avant la rupture. »	“Every sale lowers the stock. You know what will run out before it does.”
4	26–36 s	discount above the limit → supervisor approval	“Discounts under control”	« Une remise trop forte ? Il faut l’accord d’un responsable, et c’est noté. »	“Too big a discount? A supervisor must approve it, and it’s recorded.”
5	36–46 s	real activity log, filtered by employee	“Who did what”	« Le journal montre qui a fait quoi. Personne ne peut l’effacer. »	“The log shows who did what. Nobody can erase it.”
6	46–54 s	customer invoice on credit, partial payment, balance	“Credit sales, tracked”	« Ventes à crédit : vous savez qui vous doit combien. »	“Credit sales: you know who owes you what.”
7	54–60 s	logo, website, mention	“Free 8-week pilot — [WEBSITE]”	« Nhill. Essayez-le gratuitement pendant huit semaines. »	“Nhill. Try it free for eight weeks.”

Written mention at the end (small text, 2 s): « Nhill est un logiciel de gestion ; il ne remplace pas la facture normalisée de la DGI. » / “Nhill is management software; it does not replace the DGI standardised invoice.”

3. 90-second video — “The pilot, from installation to review”

Documentary style at a pilot (written consent required) or in the team’s premises with a demo business.

Shot	Time	Picture	FR voice-over	EN voice-over
1	0–8 s	Kinshasa shopping street, shop front (with permission)	« À Kinshasa, des commerçants testent Nhill pendant huit semaines. »	“In Kinshasa, shop owners are testing Nhill for eight weeks.”
2	8–20 s	installation: computer, tablet, import of an item list	« On commence par installer Nhill sur vos appareils et importer vos produits. Comptez une demi-journée. »	“We start by installing Nhill on your devices and importing your products. Allow half a day.”
3	20–32 s	training a cashier, close-up on their personal account	« Chaque personne a son propre compte. Un mot de passe de huit caractères au moins, rien de compliqué. »	“Each person gets their own account. A password of at least eight characters, nothing complicated.”
4	32–50 s	sale → closing → Z report sequence (real screens)	« Pendant la journée, on vend. Le soir, le caissier compte son tiroir, Nhill calcule l’écart et prépare le rapport. »	“During the day, you sell. In the evening, the cashier counts the drawer; Nhill works out the difference and prepares the report.”
5	50–62 s	weekly check-in between the Nhill team and the contact person	« Chaque semaine, on fait le point ensemble et on corrige ce qui gêne. »	“Every week, we review together and fix what gets in the way.”
6	62–76 s	*only with written consent:* the pilot speaks to camera, in their own unscripted words	*(propos du pilote, sous-titrés tels quels)*	*(pilot’s own words, subtitled as said)*

Shot	Time	Picture	FR voice-over	EN voice-over
7	76–84 s	CSV/PDF export on screen	« À la fin, vous gardez vos données, que vous continuiez ou non. »	“At the end, you keep your data, whether you continue or not.”
8	84–90 s	logo, website, call to apply	« Programme pilote Nhill : candidatez sur [SITE]. »	“Nhill pilot programme: apply at [WEBSITE].”

Without a pilot’s consent, replace shot 6 with the team presenting the pilot’s measurements, **anonymised and as measured**, or remove the shot (76-second video).

4. Files

Item	Location
FR/EN subtitles (SRT)	`marketing/visuals/videos/nhill-30s-fr.srt`, `-en.srt` (to create at editing time from the voice-over columns)
Rushes, editing projects	team storage (outside the git repository: heavy files)
Image-rights releases	administrative file, with the pilot agreement
